

Journal Entry Completeness Routine v1.0

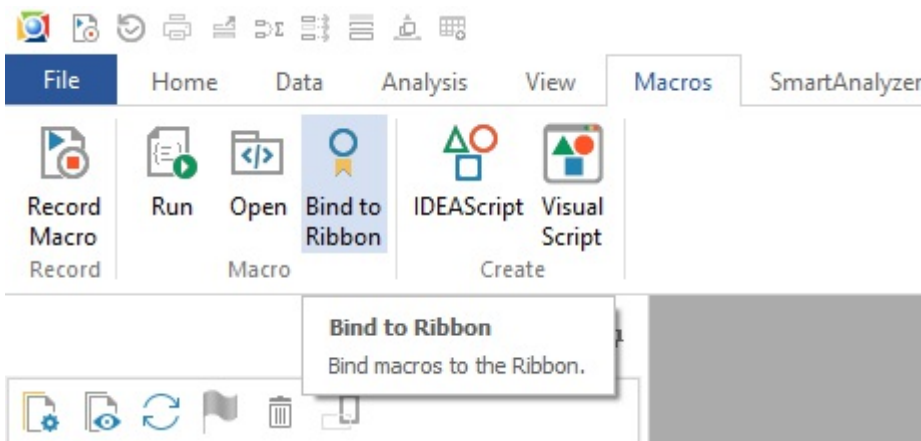

This is initial release of the *Journal Entry Completeness Routine*.

- Version: v1.0
- Authored by *Shahbaz Khan*
- Dated: *March 26, 2016*

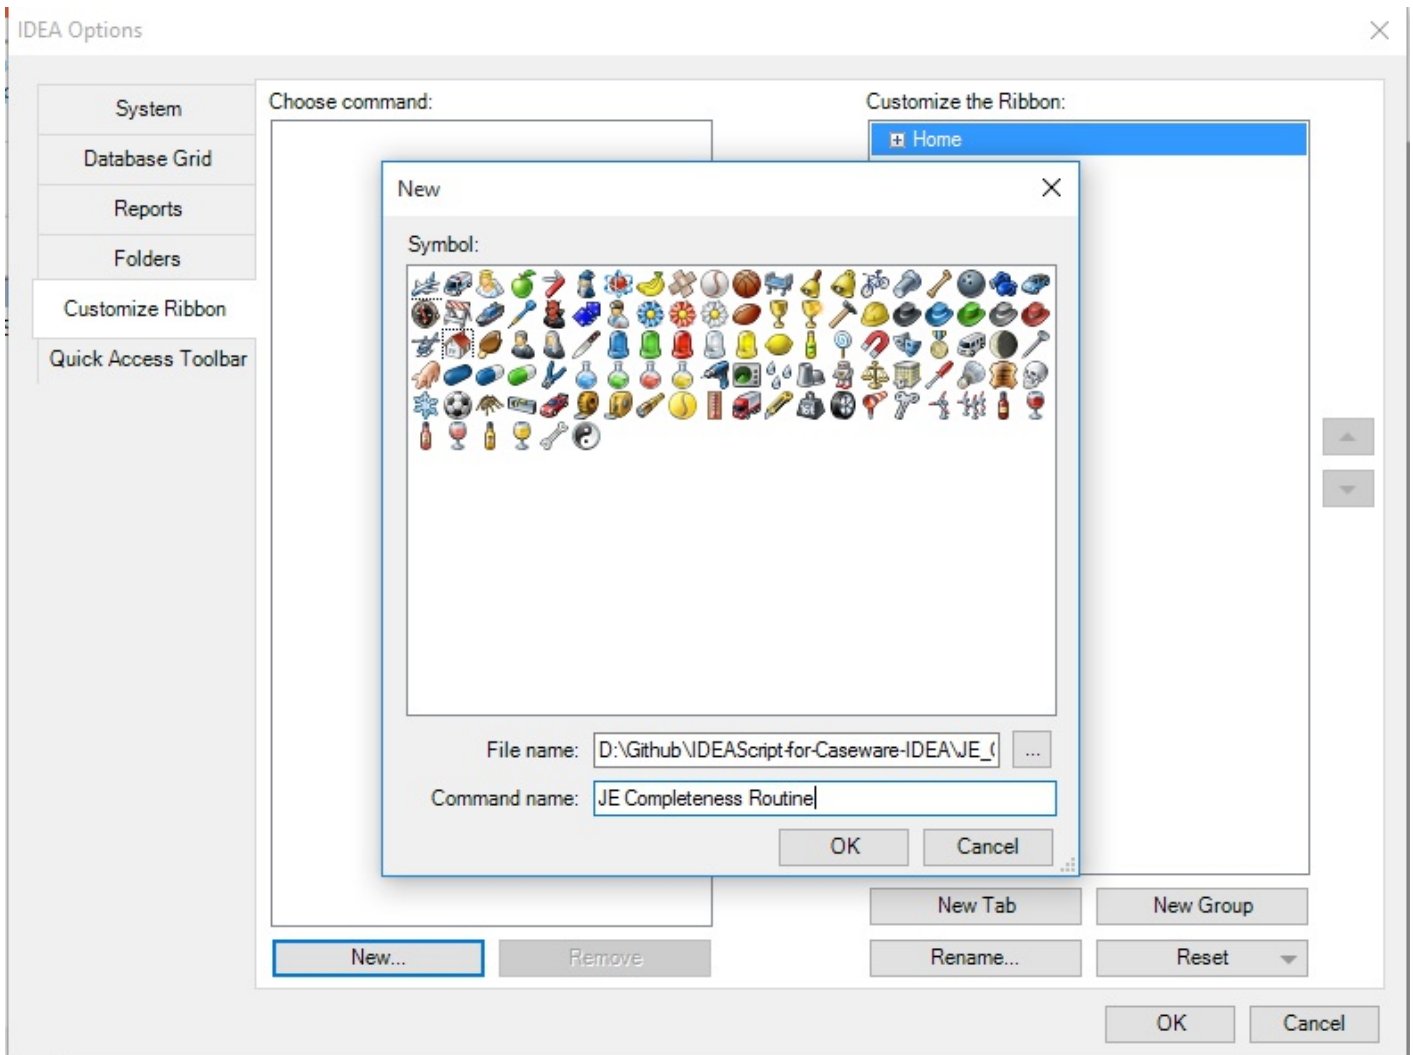

Setting Up Guide

You can setup this routine to your IDEA Desktop ribbon by following simple task

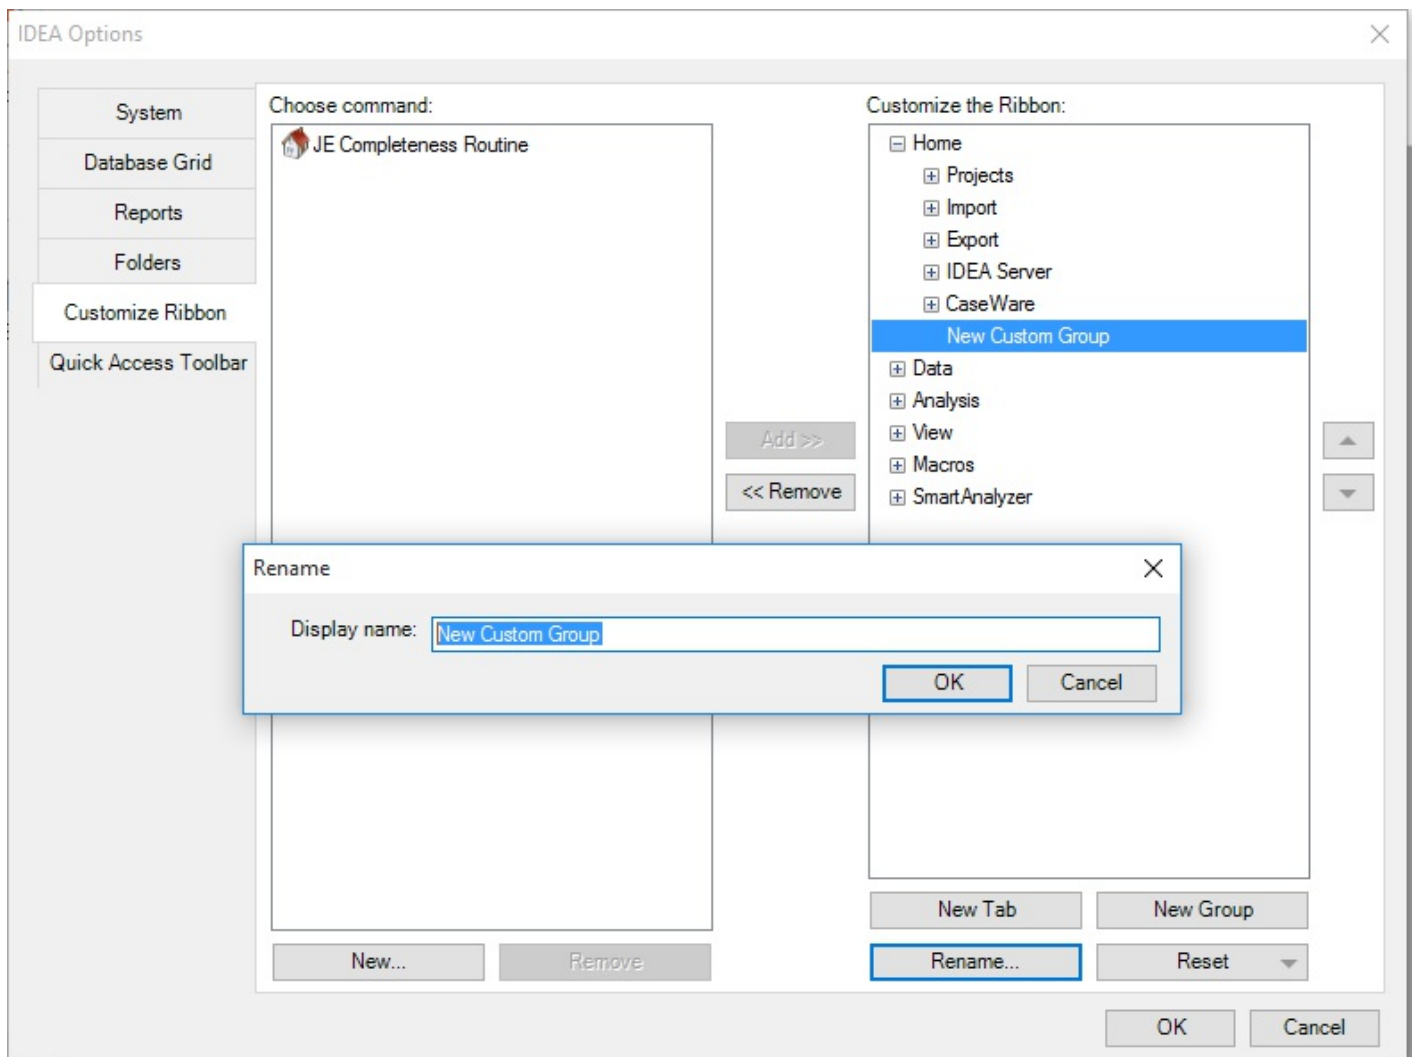

1. After download extract the "IDEAScript-for-Caseware-IDEA" folder.
2. Open IDEA and go to **Macros** tab, select **Bind to Ribbon** and click New.

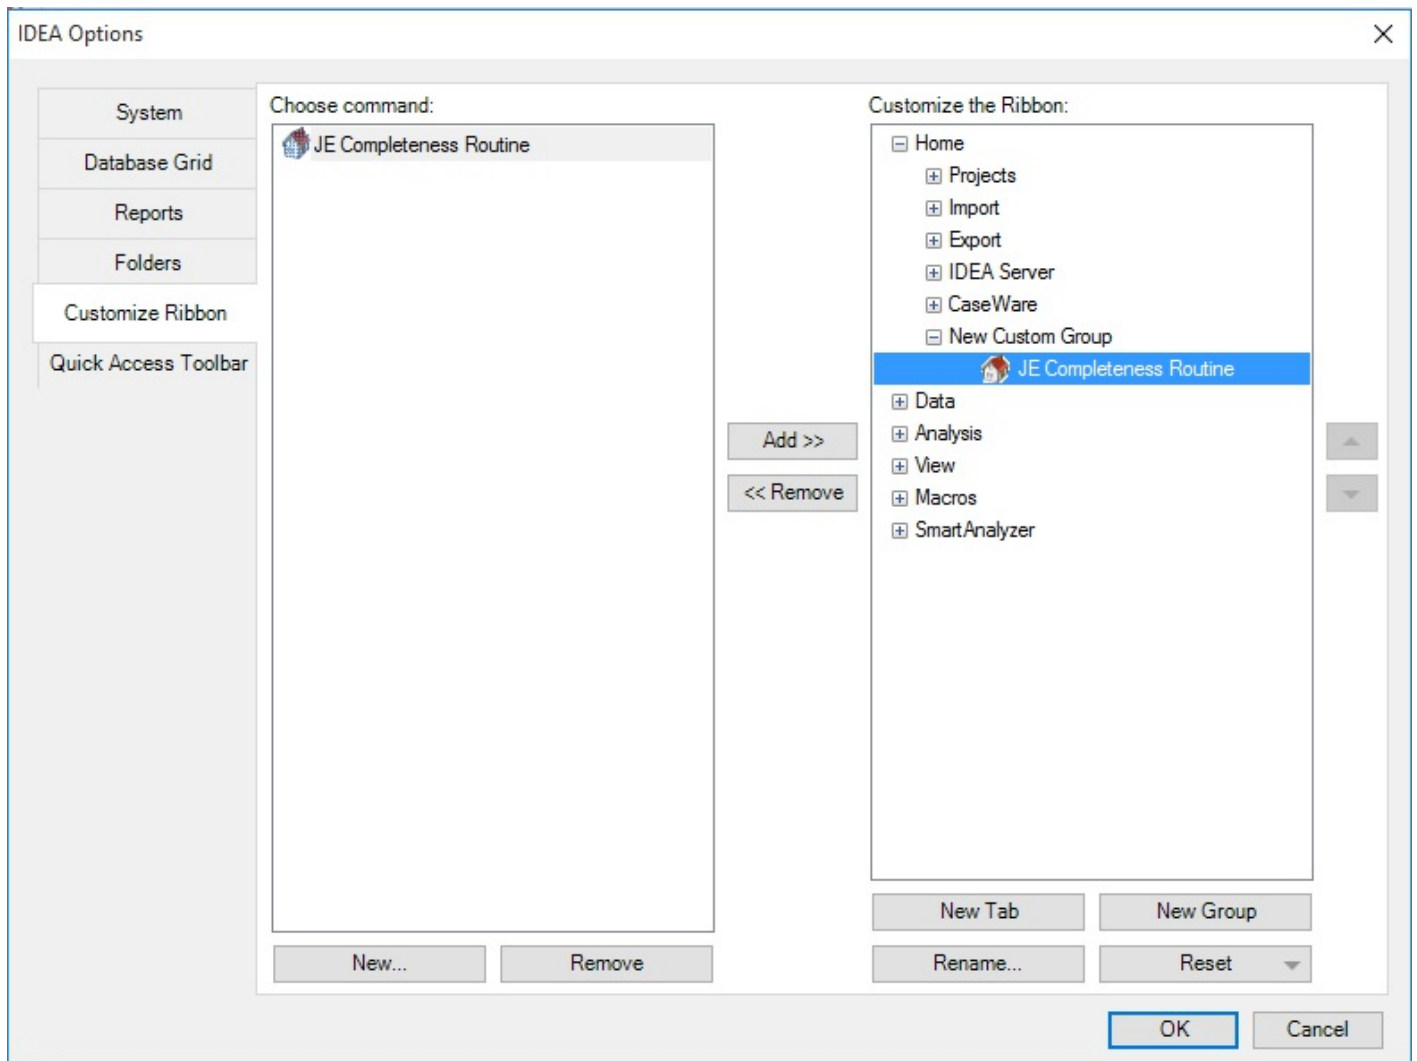

3. A dialog open, browse the file and select appropriate command name and click OK.

4. Now click on **New Group** and rename that group.

5. Select that new custom group and **Add** the routine.

6. Routine is now ready to use.
